

# Sales Policy

All sales at *Elsea Rabbitry* are strictly held to the following policy and guarantee.  
A copy of this policy will be given to every new owner upon pickup of their rabbit.  
*Elsea Rabbitry* has the right to refuse any sale.

**All sales are final, and we cannot refund money or take back a rabbit for any reason.**

---

## Health

We take our rabbits health and well-being very seriously. Their cages are cleaned daily and every rabbit is given time to play outside of their cage as well. We will not sell any rabbit showing visible illness.

We handle our rabbits on a daily basis. When the rabbit is sold we guarantee it is not aggressive, but we cannot guarantee they will stay friendly, and we are not responsible for any aggression after the rabbit leaves our care.

We do our best to check sexes, please make sure you check when you pick up your bunny for yourself, mistakes happen. It can be very difficult to sex a rabbit, even the most experienced breeders/judges make mistakes.

We run a privately owned rabbitry. If you would like to see, inspect and/or interact with a specific bunny or litter, you may contact us to arrange an appointment. However, we do restrict visitors to our rabbitry in order to offer our herd a peaceful and disease-free environment.

## Pricing

Our rabbits are \$100. You can pay us with cash or through our PayPal link: <https://paypal.me/skelsea2015> using the “Friends and Family” option. We have Venmo as well: [skelsea2015](#)

Because of our small herd, we spend a lot of time with our rabbits. They are handled and examined daily. They are also started on litter box training once they come out of the nesting box. When you pay for an *Elsea Rabbitry* rabbit, you are paying for a rabbit that has been shown love and care.

## Holding Policy

We require a non-refundable 50% deposit on any rabbit you desire to purchase. No bunny will be considered on hold until the deposit is received. Typically our bunnies will become available to make a deposit on once they are around 4-6 weeks of age.

## Pickup

You may pick up your rabbit once they have been weaned. Please bring something to transport your rabbit in on the day of pickup. If you do not pick up your rabbit on the scheduled day, they will be put back up for sale and your deposit will be forfeited. The balance will be due day of pickup either through our PayPal link, Venmo or in cash. *Bunnies placed on hold are still considered property of Elsea Rabbitry until they have been paid for in full.*

## Transport/Delivery

Because of our busy schedule we cannot deliver rabbits to you and we do not ship our rabbits for health reasons. All rabbits must be picked up at a designated location that is agreed upon. If you are wanting us to meet you somewhere that is more than 15 minutes from our location, you may be asked to pay a transportation fee. If you live a long distance away, we are willing to work with transports that are trusted and well known. We want to ensure the safety of our rabbits once they leave our care and for the safest transport to you. We recommend *Raisin Trails Transport*.
